

UNSAFE TO OCCUPY-GROW HOUSE

DO NOT ENTER YOUR HOME UNTIL ALL THE NECESSARY STEPS ARE TAKEN... PLEASE READ AND FOLLOW THE STEPS BELOW.

1. **There is a Violation Fee that must be paid, you will need to contact Code Enforcement to inquire fee amount and where to pay.**
2. Fill out the building department application. Owner must show picture ID. If dumpster is required, additional forms (Encroach. Permit) and fees will occur. Return application to the building department. If no encroachment is required **pay deposit of \$515.65. You are NOW allowed to contact a Mold Company to enter your home.**
3. Contact a Mold company. Notify them that you have no electricity (**ELECTRIC METER TAG WILL NOT BE RELEASED UNTIL MOLD REPORT IS COMPLETE**) The mold company will need to provide a generator for the inspection. Once you receive the report back please have them email it to the building department. (buildingclerk@pattersonca.gov). If mold is found you will need to have the company go back in and do the mold remediation. Once every room in the house(including attic) is clear of mold please obtain a "mold free certificate" from the company. **Building permit will not be released until home is mold free.**
4. Provide mold free certificate to the building department and **pay the remaining fees of \$182.25** for the release of the building permit. Once the permit is paid for and picked up you may enter the home. The only work permitted at this time is your electrical panel. You will need to have your contractor or owner/builder repair the electrical panel and do the cleanup as needed.
5. Your **"First Inspection"** will be your electrical meter release and a pre-walk through to check for any other repairs needed such as sheetrock and framing. Once the inspector signs off on the electrical meter **you** will need to contact TID.

PLEASE REMEMBER...

- **DO NOT ENTER THE HOME..NO WORK SHALL BE PERFORMED IN THE HOME UNTIL THE PERMIT DEPOSIT IS PAID. AT THIS TIME ONLY THE MOLD COMPANY MAY DO WORK AT YOUR HOME.**
- **CONTRACTOR MUST HAVE A GENERAL (B) CONTRACTOR LICENSE AND/OR OWNER-BUILDER (if Encroachment Permit is required the fees will change and add'l forms will need to be filled out.)**
- **REQUIRED INSPECTIONS: ELECTRICAL METER RELEASE & PRE-WALK THROUGH– inspector will let you know at time of inspection if any other inspections will be required.**

B - General Building Contractor

Business & Professions Code

Division 3, Chapter 9. Contractors, Article 4. Classifications

7057. (a) Except as provided in this section, a general building contractor is a contractor whose principal contracting business is in connection with any structure built, being built, or to be built, for the support, shelter, and enclosure of persons, animals, chattels, or movable property of any kind, requiring in its construction the use of at least two unrelated building trades or crafts, or to do or superintend the whole or any part thereof.

This does not include anyone who merely furnishes materials or supplies under Section 7045 without fabricating them into, or consuming them in the performance of the work of the general building contractor.

(b) A general building contractor may take a prime contract or a subcontract for a framing or carpentry project. However, a general building contractor shall not take a prime contract for any project involving trades other than framing or carpentry unless the prime contract requires at least two unrelated building trades or crafts other than framing or carpentry, or unless the general building contractor holds the appropriate license classification or subcontracts with an appropriately licensed specialty contractor to perform the work. A general building contractor shall not take a subcontract involving trades other than framing or carpentry, unless the subcontract requires at least two unrelated trades or crafts other than framing or carpentry, or unless the general building contractor holds the appropriate license classification. The general building contractor may not count framing or carpentry in calculating the two unrelated trades necessary in order for the general building contractor to be able to take a prime contract or subcontract for a project involving other trades.

(c) No general building contractor shall contract for any project that includes the "C-16" Fire Protection classification as provided for in Section 7026.12 or the "C-57" Well Drilling classification as provided for in Section 13750.5 of the Water Code, unless the general building contractor holds the specialty license, or subcontracts with the appropriately licensed specialty contractor.

(Amended by Stats. 1997, Chapter 812 (SB 857).)
