TEMPORARY SIGN PERMIT

This information is provided as a guide to assist you in the preparation to apply for a **Temporary Sign Permit**. It is also intended to explain the process by which the City analyzes and acts upon the application.

What is a Temporary Sign Permit

The Patterson City Code allows signs that are temporary (30 days) in nature to be reviewed administratively. The goal of the Temporary Sign Permit is to ensure that temporary signs are in conformance with the sign code and it's intent and purpose.

Application Submittal

The Temporary Sign Permit shall be filed by the business owner, business manager or property owner on forms prescribed for this purpose. The application shall be submitted to the Planning Department, 1 Plaza (P.O. Box 667), Patterson, CA 95363.

Additional information may be required by the Community Development Director during the review of the application.

Application Fee: \$62.00 (due at application submittal)

Findings

The Community Development Director will issue the Temporary Sign Permit only after they have determined that the request complies with all requirements for temporary signs (Chapter 18.82.080 of the City Code).

Processing the Application

The processing time for a completed Temporary Sign Permit is ten (10) business days. Temporary Use Permits will be reviewed for compliance with the City Code and are only permitted for 30 days. Planning staff will prepare a written response stating either approval or denial of the application, and list conditions for approval.
